Product Principle

Warm energy goes deep into the skin dermis, activates collagen regeneration and reorganization, repels fine lines and tightens the contour. EMS micro current can improve edema, lift and tighten eye contour by stimulating eye muscles. Combined with red and blue light, it can effectively alleviate skin aging and weaken color spots around eyes. 8000 times / min vibration, massage the skin and improve the elasticity of eye skin. It is recommended to use 3-5 times a week for 3 minutes each time. Three minutes at a time, reduce the age and shine.

Product Features

★ Wave energy heat field
HT radio-frequency electromagnetic wave acts on the dermis of skin to activate collagen regeneration, fade eye lines, law lines and lifting head lines.
★ EMS micro current
Micro-current contacts the muscles to help them move and shape firmer eye contours.
★ Red light
Can promote microcirculation, fade spot pigment, glow eye vitality.
★ blu-ray
Improve skin oil secretion,
★ Vibration massage
1800 times / min high frequency vibration, quick massage of eye skin, promote the absorption of maintenance products, and shape beautiful eyes.
